ABOUT US 关于我们

晋江和盛机械有限公司成立1983年，地处福建晋江福建省梧山工业区，毗邻水头闽南第一建材市场，系一家专业生产各类石材加工机械的高新科技企业。

公司现拥有技术研发部、铸件制造厂、机械精加工组装车间以及精湛的售后服务团队。今年来，公司凭着有效的科学管理，雄厚的技术力量，先进的生产设备和制造工艺，精湛的技术，先后研制出液压锁紧柱式切石机、双锁紧桥式切石机、全自动花岗岩条板抛光机、自动组合式切边机、自动喷砂机、矿山机、红外线桥式切机、等等共十八大系列四十多个品种规格的机械产品。已远销至希腊、保加利亚、土耳其、西班牙、美国、加拿大、墨西哥、澳大利亚、俄罗斯、越南等国家和地区，深得广大用户的斐然认可。

经过多年的努力，和盛凭着有效的科学管理、雄厚的经验技术、以及卓著的售后服务，领先于石材机械制造行业，并先后获得了ISO9001:2000L国际质量体系认证、高新技术企业、泉州市技术创新示范企业等诸多赞誉。

和盛将一如既往地以“质量第一、用户至上”为宗旨，与您的企业携手同行、精诚合作，为石材机械的最优化而不断进取...

(注：泉州市铭盛机械附属于晋江市和盛机械有限公司，系和盛机械在水头海联创业园的新工厂，新工厂现有生产用地110亩，是一家以生产大型石材加工设备为主的生产企业。)

Jinjiang He Sheng Machinery Co., Ltd. was established in 1983, is located in Jinjiang, Fujian Province, Fujian Province, Wu Shan Industrial Zone adjacent to the first Taiwanese head of the building materials market, is a professional production of various kinds of stone processing machinery, high-tech enterprises.

The company has R&D department, casting factory, assembly plant and machinery finishing superb service team. In recent years, we have developed more than 18 series of stone processing machines owing to our highly efficient scientific management, advanced production equipment line and consummate technology. The products like: Hydraulic multi-blade stone cutter, Hydraulic Bridge type stone cutter, Auto stone polishing machine, Auto multi-blade edging cutter, Auto rough surface machine, Quarry cutting machine, infrared bridge cutter and so on... It's about 40 kinds in total. Have been exported to Greece, Bulgaria Turkey base, Spain, the United States, Canada, Mexico, Australia, Russia, Vietnam and other countries and regions, won the majority of users striking recognition. It can meet your various requirements.

After years of effort, and filled with valid scientific management, strong technical experience and outstanding service, ahead of stone machinery manufacturing industry, and has received ISO9001:2000L international quality system certification, high-tech enterprises, Quanzhou technology innovation business model, and many other accolades.

He Sheng will continue to "quality first, customers first" as its purpose, walk hand in hand with your business, sincere cooperation, optimize machinery for the stone and progressive...

(Note: quanzhou ming sheng machinery is attached to jinjiang he sheng machinery co., LTD., he sheng machinery in head sea pioneer park of the new factory existing production land 110 mu, is a large stone processing equipment production enterprise.)

SZQ-1850

新型高效节能切石机 NEW HIGHLY ENERGY-SAVING STONE CUTTER

若因产品的更新，所有的外观及技术指标以产品实物为主
Due to the renovation, all appearance and specification of this print shall subjected to the final machine products.

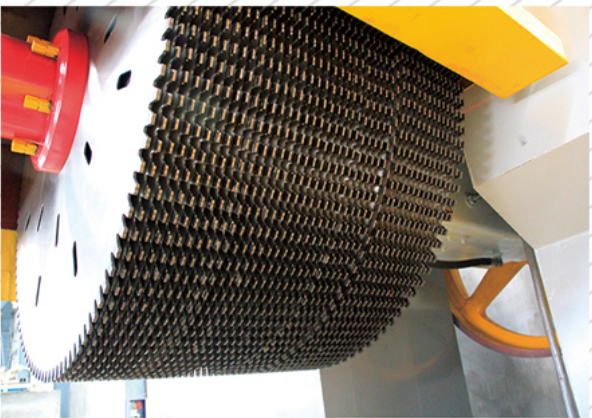

型号	Model	45D	60D	
锯片直径	Blade Diameter	1850	1850	mm
锯片厚度	Blades thickness	4.5~7.2	4.5~7.2	mm
锯片数量	Number of Blades	45	60	P
主轴直径	Shaft Diameter	Ø200	Ø200	mm
升降行程	Lifting travel	1050	1050	mm
台车尺寸	overall size of worktable	3800X1800X2	3800X1800X2	mm
主电机功率	Power of main motor	75+250	90+250	kw
耗水量	Water consumption	130	150	m³/h
重量	Gross weight	≈35	≈35	T

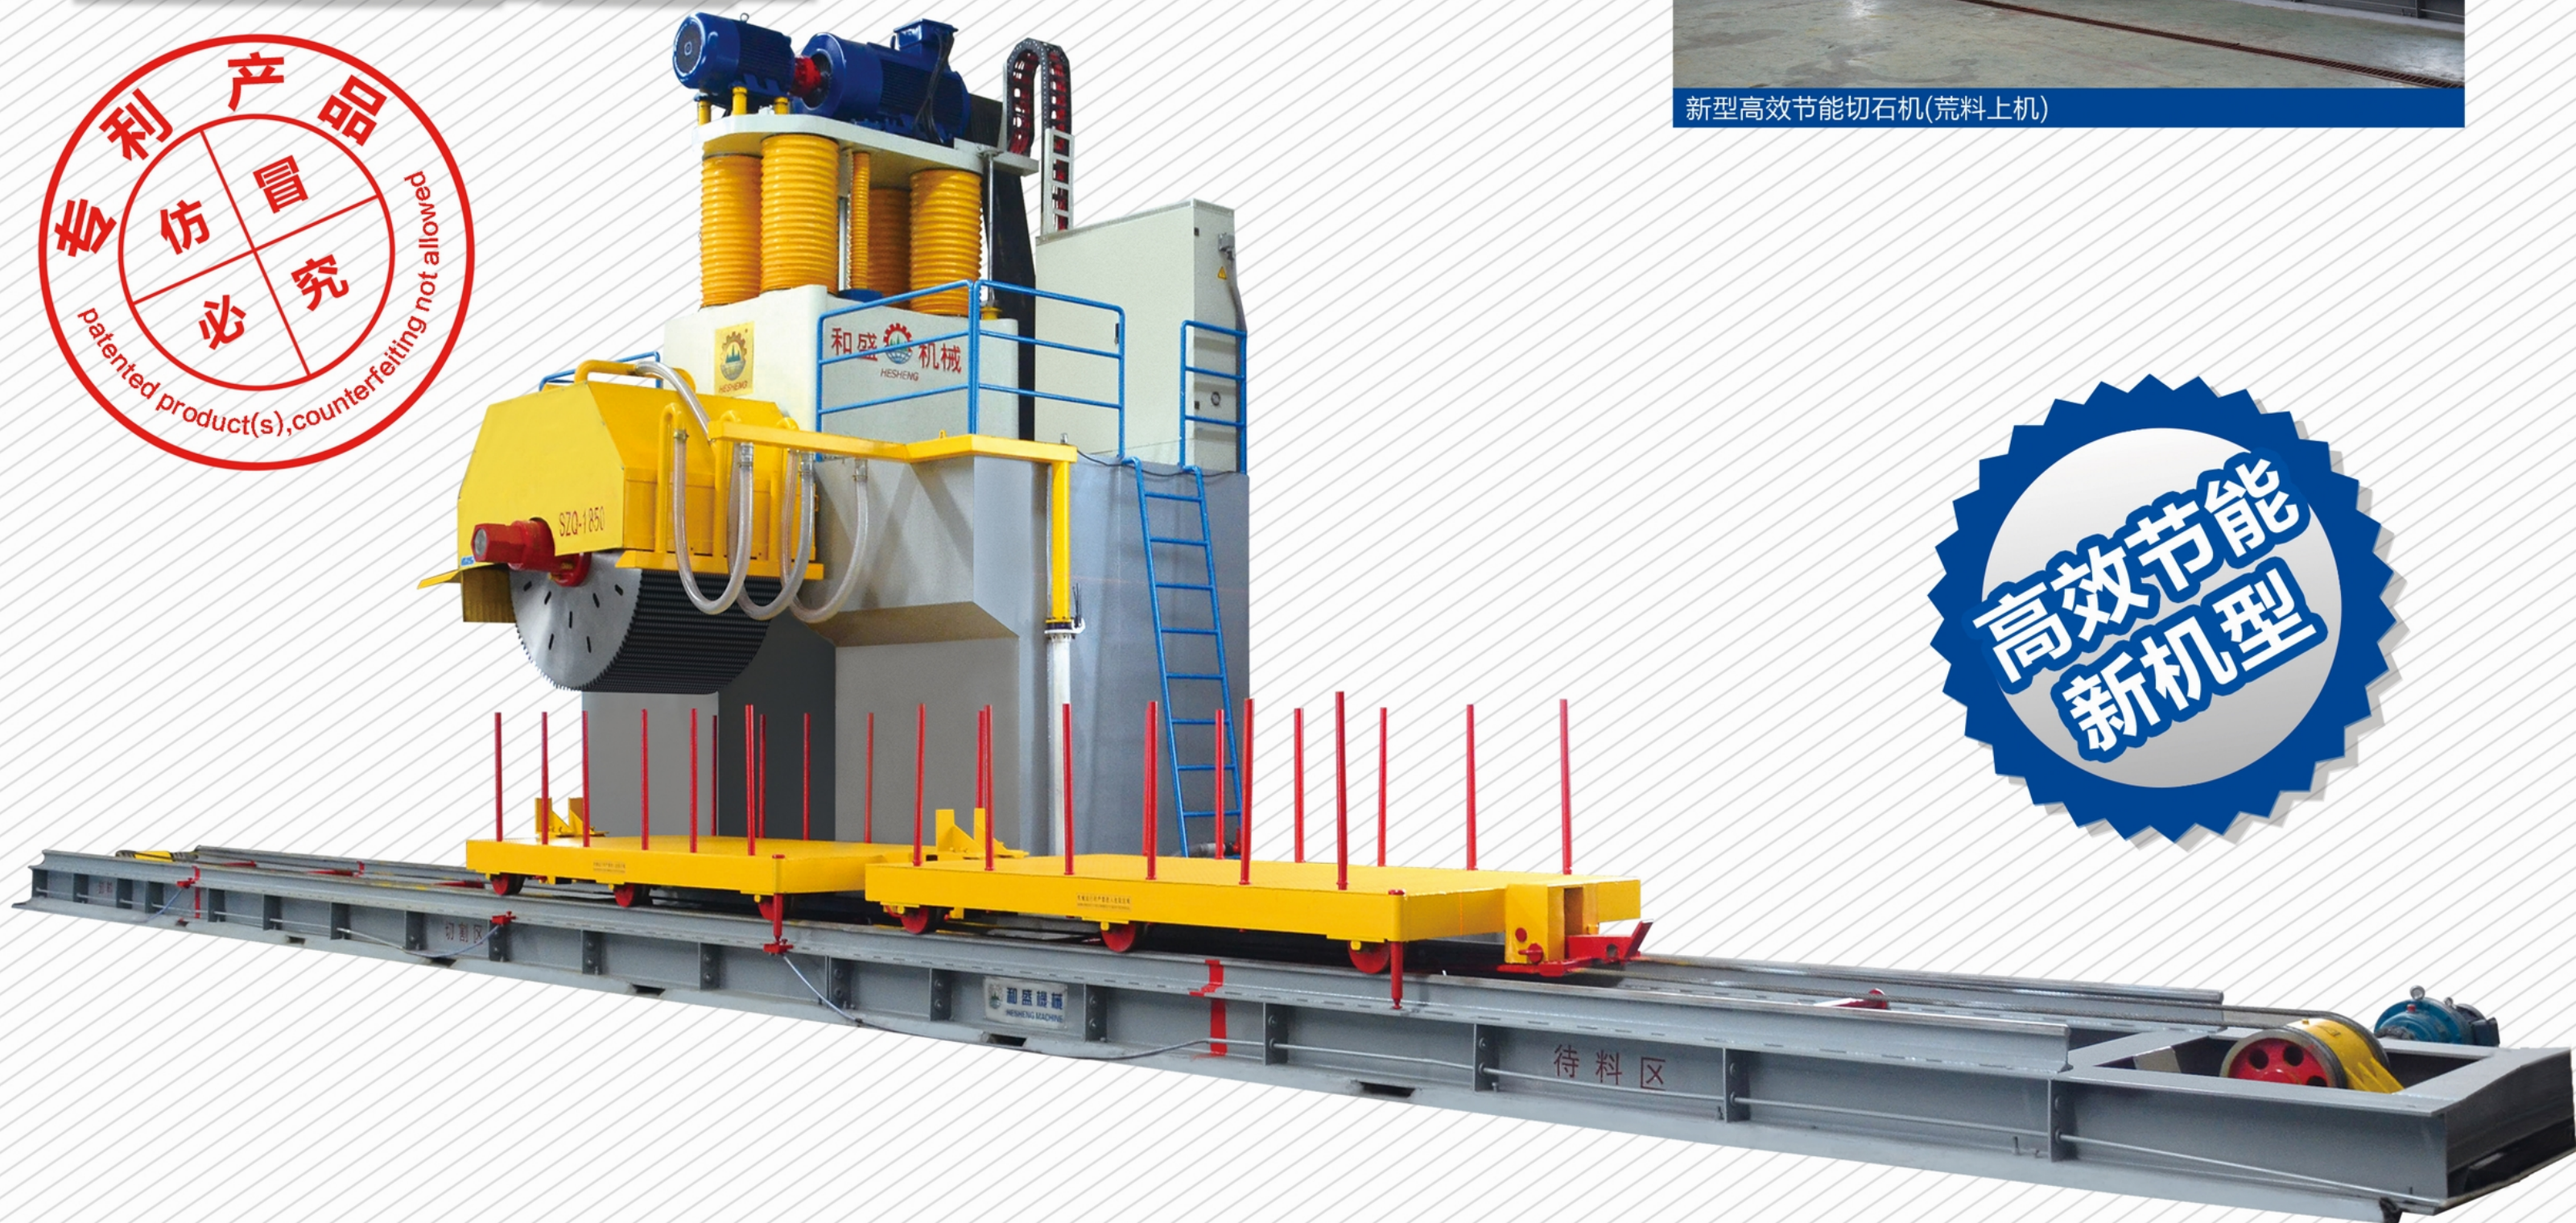

油箱总成——油泵;电磁阀等均采用台湾进口原件
Oil Tank Assembly:including Oil Pump,Electromagnetic Valve and other ompnents adopted rae imported from Taiwan.

下刀量采用旋转编码器检测，精度高，同时可任意设定上、下行程位置，减小人员劳动强度。
Feeding depth is measured by Rotay Encoder to ensure its High-precision,meanwhile,upper and lower rtaveling distance can be set to reduce the labor intensity kf worker.

专利证书

新型高效节能切石机(荒料上机)

石来运转 创造良机

① 台车轮装置
Wheels device of worktable

② 双电机驱动装置
Moved by dual motors

③ 台车变频调速
frequency speed control of worktable

④ 台车牵引装置
Coupling device of worktable

⑤ 冷却水自动开关装置
Recloser of cooling water

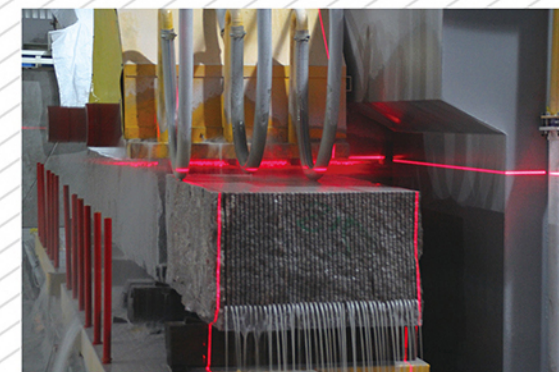

⑥ 红外线对刀装置
Infrared calibrator

红外线对刀装置 Infrared calibrator
